

OUR POLICY FOR EMPLOYEES

"Hotel with very good working conditions"

is the reputation that our hotel has acquired

And that's because

The commitments of our executives consist of the responsibility to the employees and the society in which we carry out our activities where, for our employees and for society, our commitments are governed by respect and encouragement to the staff for economic and professional development / progress

The above basic principle desires to create valuable and loyal employees in the company where this in turn results in job security, opportunities for development, and employment improved conditions by the experience

Abbreviated but also specifically refers to:

- Our provision for re-employing staff
- respect to the human rights
- good working conditions (values form leaflet)
- Non-discrimination of sex, sexual preference, nationality, religion or belief or body defect-
contract recruitment document
- Right of voluntary retirement without "penalty" (sanctions)-
- EASY pay (salary) the first three days of each month
- working hours according to the national laws
- the employees accept the time table
- acceptable employees requests or the planning of a fair weekly program, if available
- priority to mothers with minors
- written policy for discipline
- idea box
